

I write to you today as a friend and colleague, and ask that you pay very close attention to the current 2nd District Congressional race, and the racists lies and rants soiling our community through the paid services of Cheron Brylski. I will share with you that I don't know this woman well. Notwithstanding, all of my encounters have been unpleasant. My mother left me with a keen sixth sense – an ability to smell a scoundrel, and this Cheron woman is bent and determined to do the NOLA African-American community harm.

Cheron is a paid consultant for Joe Cao. Liking or disliking Cao is not really the issue for me. The issue here is that Cheron has surmised the only way to succeed in having Rep. Cao re-elected is by spreading horrific rumors about the Black male democratic candidates in this race. It is truly reprehensible, actually pitiful, that we have come to this – a 65% African-American population, with a Vietnamese federal representative, who is controlled by a crazy White woman.

Here is just one of “cartoons” Cheron is circulating against Richmond (<http://therealcedricrichmond.com/>). I understand she and her crew are responsible for equally offensive campaign literature against Juan and Eugene.

We have to shut her down, in this campaign, and with every political candidate who dares to use her services in the future. Enough is enough.

Cheron Brylski: New Orleans' Own Menace to Society

by [Tracie Washington](#) on Wednesday, August 18, 2010 at 4:12pm

Like Maureen Dowd, I'm sick of so-called "Progressives." In my opinion, they tend to be hired gun, white, former-liberals, who believe they know what's best for everyone – especially people of color – just by sitting at a computer re-writing and re-wording what they heard at cocktail parties from equally incoherent, unattached and uninvolved other self-styled liberals.

We have one of them in our midst right here in New Orleans. Her name is Cheron Brylski. Some of you know her as democratic political consultant. She was introduced to me as a reputed patronage hog: a sleazy, paid opportunist who damned near blew up her house trying to exterminate roaches. No, she wasn't one of them.

In her latest foray down the road of madness, Madame Brylski has decided she knows who the best candidate is for "you blacks" in New Orleans for the U.S. 2nd Congressional District seat. If you've guessed this candidate would be the democratic front-runner, backed by just about every democrat in Louisiana, including Mary Landrieu and John Breaux, and prominent national leaders – you would be wrong. Instead, she is the paid shill for Joseph Cao.

I have nothing against Cao. By the same token, I don't want him to be my Congressman. We are a broken community, and Cao hasn't done a thing to help resolve our education crisis, our healthcare crisis, our transportation and infrastructure crisis, our economic development crisis, or our criminal justice crisis. How could he? He wasn't involved in these issues prior to being elected. He didn't work the community and learn these issues from the grassroots.

Like Ray Nagin before him, Cao is the candidate creation of the New Orleans descendants of Confederate Gentry. Here's a random thought: I wonder if the 'gentlemen' of the Pickwick or Boston or Louisiana clubs allow him entry; perhaps to serve tea. I've digressed...

Leave it to Progressive Cheron, who just loves her some black people, to decide that Cao is the man for us. Some of us told her "Hell No, Cheron. Not this time." Now, Menace to Society has decided to slam everyone in her way – bull in the china-store/scorched earth style – and print lies and pass tales, not just about the African-American male democrats in the race (Cedric's a thief; Juan's a

pervert; Eugene's an idiot), but all their friends and family.

She is Cao's paid communication operative, and I understand they are planning a new negative campaign against Black ministers and Black women who have come out in support of Richmond. You won't see her name on the flyers, or the radio spots, or the blogs, but trust me – the red, bushy haired devil is behind this madness.

So now this white woman, who has made a fortune nestled in her political brothel off the backs of Black folk, is going after our Black men, Black women, and Black ministers on behalf of Cao?

Five years post-Katrina, I know how to stay clear of crazy people.
